Frontend developer and Informatics graduate from Institut Teknologi Sepuluh Nopember (GPA 3.75/4.00, Cum Laude) with experience building production web applications across accounting SaaS, health-tech, and AI-assisted interview practice. Focused on responsive UI implementation, React/TypeScript, API integration, and product workflows.

PROFESSIONAL EXPERIENCE

Frontend Developer

Aug 2025 – Present

PT. BITS Miliartha – Surabaya, Indonesia – bee.id

- Contribute to Beecloud, a web-based accounting SaaS used by 140,000+ business owners, implementing frontend workflows across accounting, cash/bank, purchasing, sales, inventory, and reporting.
- Completed 150+ ClickUp-tracked frontend tasks spanning feature implementation, UI improvements, bug fixes, and production workflow enhancements.
- Mentored one university intern, providing onboarding guidance and reviewing 10+ tracked frontend tasks.

Technical Intern

Oct 2025 – Present

Subdirector of Scientific Data and Services ITS – Surabaya, Indonesia

- Validated and corrected article DOIs across 30+ OJS journals, improving metadata accuracy and Crossref linkage.
- Organized active/dormant journal backups for safer OJS migration and fixed interface and accessibility issues affecting editors, authors, and readers.

Frontend Developer

Nov 2023 - Jul 2025

SahabatCAPD Research – Department of Informatics ITS – Surabaya, Indonesia – riset.its.ac.id/sahabat-capdv2

- Built frontend workflows for patient logbooks and healthcare monitoring, including health charts, medical-record editing, notifications, guided help, responsive interfaces, and camera-based capture.
- Supported a deployed CAPD monitoring system with public aggregate usage of 415 completed exchanges, 43 patients, 8 hospitals, 9 clinicians, and 265 active days.

Frontend Developer

Jul 2024 - Sep 2024

Flexoo Software House – Surabaya, Indonesia

- Contributed frontend work across 2 web platforms: a responsive Laravel/React client application and a Moodle-based quiz platform for a high-school-level Tes Potensi Skolastik competition.
- Configured Moodle quiz workflows for a Tes Potensi Skolastik platform used by 11 candidates across 7 subject assessments, with 77 completed quiz attempts.

SELECTED PROJECTS

Winterview

2026

React, TypeScript, Vite, Tailwind CSS, Express, Supabase, Groq | winterview.my.id | github.com/aryansfw/winterview

- Designed the initial product in Figma and built an interview-practice application with AI-generated questions, timed sessions, browser video recording, answer review, and saved interviews.

Portfolio Website

2026

Next.js, Tailwind CSS | aryanshafawardana.vercel.app | github.com/aryansfw/portfolio

- Simple portfolio and blog website built on Next.js portfolio template.

Schematics ITS 2023

2023

Next.js, Tailwind CSS, Axios, Laravel API | schematics-23.vercel.app

- Contributed responsive landing pages, registration flows, payment-proof uploads, and participant-review workflows for 3,000+ participants; reviewed frontend work from 3 staff members.

ITS Expo 2023

2023

Next.js, Tailwind CSS, Axios, Laravel API | itsexpo-frontend.vercel.app

- Built responsive contest pages and dashboard experiences with API integration, including payment, ordering, and mobile-interface fixes for 500+ participants.

EDUCATION

Bachelor of Informatics

Aug 2021 - Sep 2025

Sepuluh Nopember Institut of Teknologi | Surabaya, Indonesia | **Cum Laude** | **GPA: 3.75/4.00**

- Teaching assistant for Artificial Intelligence, Operating Systems, and Computer Networks.
